## PROFESSIONAL PROFILE

Innovative and resourceful Front-End Web Developer with a unique Class 1 driving, transport management, and vehicle maintenance background. With a Certificate from The University of Birmingham Coding Boot Camp, I bring a fresh perspective on user interface design, driven by a passion for creating responsive, mobile-first web applications. My experience in logistics and transport has honed my problem-solving skills and ability to work effectively in team environments, ensuring projects move from ideation to execution with precision and user-centric focus. My proven track record in safety and operational efficiency, coupled with recent IT skills in JavaScript, HTML, CSS, Bootstrap, Git, and GitHub, positions me uniquely for a role that bridges technical prowess with frontline user experience. Eager to contribute to a dynamic IT team, I am ready to leverage my diverse skill set in a challenging new role, demonstrating my commitment to continual learning and cross-industry innovation.

## TECHNICAL SKILLS

- Web Development: HTML, CSS, Bootstrap, JavaScript, React, Node.js, AJAX, JSON, ES6
- Design: UX/UI Design
- Software: Git, GitHub, Agile Development Practices, Test-Driven Development
- Applications: MS Office Suite (Word, Excel, PowerPoint), Digital Tachograph Systems

## CORE QUALIFICATIONS:

- Front-End Web Development and UX Certificate (University of Birmingham Coding Boot Camp)
- Driver CPC, Bus Driver CPC
- UK Driver Diploma Categories A, B, C, D, E
- UK Digital Tachograph Driver Card
